Atlanta, Ga., July 19.—Lieut Dayton Burns Martin, of Princeton, Ky., who was found fatally shot in his rooms here early yesterday morning, committed suicide, according to the verdict of the coroner's jury rendered here late to-day.

Martin, who was 38 years old and had just been placed in the reserves, was to have been married Friday to Miss Mildred Peacock, according to the story the young waitress told at the inquest. Love letters to Martin from a young woman in Carrollton, Ga., and another in Cairo, Ill., according to the police, indicated each of them expected to marry the young officer.

## REUNION IN GREENVILLE.

Thirtieth Division Lads to Meet September 29 and 30.

New York, July 18.—Veterans of the Thirtieth (Old Hickory) Division, who, with the Twenty-seventh (New York National Guard) Division, helped smash the Hindenburg line last fall, will hold a reunion in Greenville, S. C., September 29 and 30, the first anniversary of their greatest military triumph, it was announced here to-day.

Members of the Thirtieth Division organized an association at Le Mans, France, just prior to the unit's return to the United States. Col. Holmes B. Springs, of Georgetown, S. C., was chosen temporary chairman of the organization, and Frank P. Bowen, of Knoxville, Tenn., secretary-treasurer. More than 20,000 veterans already have joined the organization, which is composed almost entirely of men living in Tennessee and North and South Carolina.

## Bateman Dies of His Wounds.

Columbia, July 18.—J. Fletcher Bateman, of Camden, State constable, who was shot yesterday in raiding an illicit distillery in Kershaw county, died on the operating table at a local hospital here this afternoon from the effects of his wound. He was shot through the intestines. His body will be taken to Camden and the funeral services will be held there when his son arrives from Texas. Mr. Bateman was brought to Columbia to-day from Camden.

The dead officer had a high reputation for probity and regard for duty, and he was a man fearless in the performance of his duties, so much so that his superiors often had to caution him to be careful of his personal safety. He was a constable under the former Governor D. C. Heyward and was chief constable under former Governor Martin F. Ansel, with headquarters at Charleston.

## Armed Mexicans Hold Up and Rob.

Washington, July 19.—A boat from the U. S. S. Cheyenne, occupied by enlisted men of the navy, was held up by armed men in the Tamesi river near Tampico, Mexico, on July 6 and the sailors robbed. The incident was reported to the State Department.

This incident bears a resemblance to the celebrated Tampico incident of 1914, which resulted in the occupation of Vera Cruz. Urgent representations to the Carranza government and the local authorities at Tampico have gone forward.

## Killed Searching for Illicit Whiskey.

Tampa, Fla., July 19.—The body of Charles Ewing, well known restaurant and saloon man, was found in a quiet spot some miles from this city last night. This morning Marlon Highsmith was arrested, charged with the shooting of Ewing, and the police say he has confessed to the crime. Highsmith is alleged to have lured Ewing to a lonely spot on Palm river by the story that he knew of a man there who had fifty cases of whiskey he would sell cheap, being unable to dispose of it legally.

## Austrian Treaty Ready.

Paris, July 18.—The last clauses of the Austrian peace treaty were ready to-day for examination by the supreme inter-allied council, and it was said the treaty would be presented to the Austrians shortly.

## RACE RIOT AT THE CAPITOL.

Trouble in Washington Between Negroes and Service Men.

Washington, July 19.—Aroused by repeated attacks on white women by negroes in the national capital, soldiers, sailors and marines on liberty in the city invaded a negro section to-night and severely beat one negro and fired several shots before the police and the provost guard intervened.

Several other negroes were caught by the crowd, but escaped with only minor injuries. Shots were fired at them as they fled. The uniformed men participating in the attack were gathered together in the downtown district after individual fights had taken place, and were inflamed by reports that another white woman, the wife of a sailor, had been attacked by a negro. Reserves from three police stations, the military guards and a detachment of marines answered emergency calls, but found the mob dispersed when they arrived. About 100 service men are involved, it was reported. A patrol was continued after midnight through the area to prevent a repetition of the violence.

## Watkins Leaves Board.

Columbia, July 18.—Judge H. H. Watkins, of Anderson, who was nominated several days ago by President Wilson as United States judge of the Western South Carolina Circuit, has resigned his membership on the Board of Charities and Corrections.

The Governor to-night appointed as his successor Harry L. Watson, of Greenwood, president and editor of the Index-Journal, the daily paper published at Greenwood. Mr. Watson's appointment is considered an ideal one, as he is not only one of the leading newspaper men of the State, but is deeply interested in the social development of the sociological problems before South Carolina.
